# CYLINDER SERIES

### CYLINDER SERIES

With both Aluminum Reflector and Glass options, the CPL is the perfect high output Cylinder with decorative appeal and performance beam control in high ceiling environments.

- Metal, Glass and Double Glass Cylinder Shades for numerous applications
- Decorative design with a thin ceiling canopy and a compact driver housing/heat sink
- Optically engineered optional Light Pipe (9900525), moves the luminous plane from the LED module down 6-inches to allow for proper medium beam spread distribution out of the Cylinder Shades, without the
- use of parabolic reflectors. Improves beam distribution and fixture spacing criteria.
- With the use of an Optional Light Pipe, the beam distribution may altered on the 7" Metal Cylinder Shades (CY7M), providing a wider beam distribution
- Color Code is for the Mounting Hardware included with Shade: **B** = Black; **P** = White; **S** = Silver

### WHAT SETS US APART

ConTech Lighting is your resource for innovative, high-performance and sustainable lighting solutions. Since our founding in 1980, we've been committed to providing the best fixture designs and product engineering available.

#### **INNOVATION**

We combine the latest energy efficient technology and design styles to create an extensive range of attractive and sustainable luminaires. We have over 5,000 products, including many high performance products that can't be found anywhere else. Our EcoTechnology solutions offer sustainable energy solutions that meet the qualitative needs of the visual environment with the least impact on the physical environment.

#### SUSTAINABILITY

At ConTech Lighting, our commitment to the environment is as important as our commitment to innovation, quality and our customers. We believe that lighting can be environmentally responsible and energy efficient, while providing high-quality performance and outstanding aesthetic design. EcoTechnology applies to our daily operation as well as to our products; from materials, manufacturing and transportation to the disposal process for our products and by-products.

### **OUALITY**

We use the best components and manufacturing methods resulting in the highest quality fixtures. From cast housings and high performance reflectors, to the testing of each ballasted fixture before it ships, ConTech Lighting is defined by its quality. For consistency, we use only the most reliable LED chip makers including Cree, Nichia, Lumileds, Bridgelux, Samsung and Xicato.

#### **SERVICE**

Our responsive, personalized customer focus and market expertise represents an oasis of outstanding service in an industry that values it, but frequently doesn't receive it. We are here for you, live and in person, Monday through Friday 7:30am - 5:30pm CST. 847.559.5500.

#### PRODUCT AVAILABILITY AND SPEEDSHIP™

Many of our products are in stock and ready to ship. Our unique SpeedShip™ process takes ordered in stock products and ships them within 48 hours, at no additional cost to you.

#### MARKET EXPERTISE

Each market has its own unique lighting challenges. Designs can get tricky, having to verify every fixture, test every connector and make certain that every length of track is just right. We have an experienced staff of sales professionals to assist you with your projects from concept to completion.
