## PRODUCT DETAILS

The ConTech Precedent PLT Linear Track Module family allows for seamless integration of select ConTech Track Systems with the Precedent Performance LED Linear Series. Ideal for adding Track Luminaires into grocery, retail, library and other aisle environments to illuminate end caps.

The System can accommodate Single Circuit, Two Circuit and Nordic Track options. See ConTech Track Luminaire Catalog and/or Specification Sheets for available luminaires (sold separately).

### Construction

- Extruded Aluminum housing in 4 ft and 8 ft sections come complete with Quick Connects to allow for direct linking to existing or new Precedent Linear runs
- Available in White, Matte Black or Silver finishes, each length houses a full length of specified ConTech Track
- Construction allows for Suspended or Ceiling Surface mounting
- 10 Ft and 20 ft field adjustable Aircraft Support Accessories available
- Body construction accepts 1/4-inch Threaded Rod (Rod and hardware provided by others); accessory to accept up to 1/2-inch Threaded Rod available

### Performance Summary

- Track is easily powered through connection with Precedent Linear luminaires. Module may be placed at beginning, middle or end of any linear run. Power Feeds, if being used individually or at start of run, are listed on the Precedent Linear specification sheet (sold separately)
- Assembled in the U.S.A.
